COUNTY BOARD CONTEST BEFORE THE COMMITTEE

Fulton Democratic Body Will
Consider the Hightower-
Turner Race.

A special meeting of the Fulton county democratic executive committee will be held at 12 o'clock today for the purpose of deciding whether or not there shall be a recount in the votes cast in the primary for T. J. Hightower, Jr., and Charles W. Turner for commissioner from the county-at-large.

According to the returns certified by the election managers, the total vote cast for Turner was 4,148 and the total for Hightower was 4,147. When the executive committee met on Thursday to declare the result of the election, Mr. Hightower, through his attorney, Walter L. Brown, asked for a recount and because there was a difference of only six votes between the candidates the committee was in a position to grant the request. Attorney Carter, who represented Hightower, agreed to the recount, but afterwards developed that Mr. Turner had not authorized his attorney to make such an agreement.

Some members of the committee take the position that because of the narrow margin of votes between the candidates a recount should be ordered. Other members say that to recount the votes would be a violation of the official declaration by the committee. Dr. J. H. Gilchrist, chairman of the committee, said that the committee had more than 400 votes, has agreed to the result in the event the executive committee takes such action.

"Shrine Park" Is Dedicated By Mayor James Woodward; Leading Shriners Present

"Shrine Park," in which the Southern railway has provided for parking 100 Pullman cars during Shrine week and giving their occupants practically every convenience to be had in a modern hotel, was officially dedicated last night at 8 o'clock, when, following a short address by Mayor Woodward, the Shrine pennant and the national emblem were hung to the brass. Several hundred Atlanta, both men and women, were out to see "Shrine Park" lighted up for the first time and all expressed themselves as surprised and delighted with the completeness of the arrangements.

In his address, Mayor Woodward called attention to the fact that "Shrine Park" constitutes the largest and most complete arrangement of its kind ever provided anywhere, and said that the Southern railway deserves great credit for the work it has done in helping Atlanta make provision for its thousands of guests.

Cars will be parked on tracks between which paved walkways have been laid and pipes and wires have been placed, so that the cars can be supplied with water and lighted by either gas or electricity without being moved. Complete sanitary arrangements have also been made and cars will be regularly supplied with ice. Along each railway electric light has been installed and signs erected so that the cars can be found with no trouble in finding them.

FORMER POLICEMAN WANTS COURTS TO PROVE HE IS WHITE

Savannah, Ga., May 8.—(Special.)—Declaring that, while known under the name of Albert Augustus Shekelle, he has been stated that he had negro blood, and that he is a white man, and his real name is Albert Leo Williams, the man who here yesterday sought to change his name.

The petition filed for his name change, and tells of the humiliation suffered by him because of the change. On December 24, 1908, states the petition, Shekelle married Mrs. Annie McKale. It was told to Mrs. Shekelle that her husband had negro blood, she threatened to bring divorce proceedings, and in fact, he secured proofs and demonstrated to the satisfaction of the police that he was a white man and they became reconciled. Since that time two children have resulted from the union.

Some time ago Shekelle secured a position as policeman and waited his next night. The next day he was discharged, the reason being given by the police that he had negro blood, and they refused to remain on the force with him. He accepted the discharge, but, on second thought, demanded an investigation. He declares that it has been impossible for him to get an investigation so he could prove that he is a white man.

MEN AND RELIGION BULLETIN No. 114

Still Seeking Sanity

"I am come that they might have life and that they might have it more abundantly."

—John 10:10

In the May McClure's, Connie Mack, manager for years, and today, of the Athletics, baseball champions of the world, says:

"Moderate drinking gets a baseball player in the end just as sure as boozing—

"I wouldn't bother with a youngster who drinks. That's my fixed policy—

"I have proved up to my own satisfaction this business of clean living and quick thinking. It's the stuff champions are made of."

Of forbidding beer and wine on board our vessels, Current Opinion says:

"Secretary Daniels issued the order. President Wilson approved it. Rear Admiral Braisted, Surgeon-General of the Navy, recommended it. Colonel L. M. Maus, Chief Surgeon of the United States Army, Eastern Division, seems to have instigated it.

"Colonel Maus says:

"Lord Kitchener allowed his men no spirits in the Soudan campaign; Lord Roberts was equally opposed to its use in South Africa, and Sir Frederick Treves, who served at Ladysmith, said that the drinking men fell out and dropped as regularly as if they were labeled with the big letter D on their backs."

"One of Lord Wolseley's experiments, in which his troops were divided into three marching squads. The first had a daily ration of whisky, and at the start it marched gaily ahead. The second had a ration of beer, and it soon overtook and passed the whisky squad. The third squad marched on water. It maintained an even, steady gait, passed both the other squads and reached its destination long before the others."

"In the maneuvers of the Connecticut Militia last summer Colonel Maus notes similar results.

"The majority of the young men who fell out of line in the hot weather were declared inefficient by the medical officers because of the drinking of beer."

"Moderate drinking gets a player."

"Men who fell out of line."

RECALL THEM IN YOUR LIFE! Possibly your brother—certainly some relative and more than one friend known personally to you—once good fellows all, but now dead or out of the game, fallen out of God's battle line because of drink. And back of each of these are scarred hearts and the tears of mothers and wives.

Well may drinkers sing: "Wine, woman and song."

For without the drug of alcohol there could be neither laughter nor song while pitiless wrong is being wrought upon womankind.

And yet, when a great body of men, Masons all, whose very creed is help for the helpless and the defense of women, the fatherhood of God and the brotherhood of man—when such as these come to the capital of Georgia, whose laws forbid the sale of liquor, law breakers are able to go to our City Council and get a special license to ply their traffic into the small hours of morning.

Atlanta will remember.

AND HER CHURCHES SEND WORD TO THE WORLD THAT THIS ACTION, THIS AFFRONT TO MASONRY DOES NOT SPEAK THE WILL OF OUR CITY, BUT ONLY OF THE FEW WHOSE DAY IS RAPIDLY WANING. A MINORITY OF JERUSALEM SHRIEKED AGAINST THE CHRIST: "HE HATH A DEVIL AND IS CRAZY." WHEN HE SAID:

"I AM COME THAT THEY MIGHT HAVE LIFE, AND THAT THEY MIGHT HAVE IT MORE ABUNDANTLY."

But He has conquered.

Sanity? You know—

The Cross, sacrifice of self for the salvation and happiness of others, is the summit of wisdom.

Christ calls to the broader, braver, better life of joy for all, as opposed to the narrow, self-centered existence that seeks sensual pleasure for the few regardless of the agony and suffering resulting to the many.

And you—you will come with your Lord.

The mayor touched upon the great success accomplished by secret order. This address was responded to by Supreme President John S. He expressed hopes for a better future for the Beavers.

A business meeting was held Friday afternoon and upon adjournment, the delegates were taken to the ball game. Friday night a ball banquet was tendered there by the Beavers. The delegates will be given a sight-seeing automobile trip today about the city.

Carranza Changes Stand.
Secretary Bryan today made public

PLANNING TO RUSH TROOPS TO MEXICO

Continued From Page One.

would not be sent out of the country, but would be sent on the Texas border. Carranza, however, is not in a hurry. The discussion of reinforcing General Punzon at Vera Cruz has been delayed a marked difference of opinion in the cabinet. Some take the view that the mediation negotiations might be embarrassed by such an act; others believe it is a necessary step. General Punzon is understood to have been ordered to reinforce his lines at different points and that a sudden movement of troops would necessitate the withdrawal from other points, which would be left unprotected. He has informed the war department that he will need 15,000 to 18,000 men to hold Vera Cruz and outlying districts.

Secretary Carranza today said no day had been issued for any troop movement, but it became known authoritatively that contracts had been closed for the chartering of several merchant steamers and that within a day or two formal orders would be issued.

It was understood that within two weeks at least nine transports would have been secured. Secretary Carranza declined to discuss the chartering of ships, but said that the only thing he would say was:

"There is no contemplated aggressive movement at this time."

This is in line with the attitude of the administration, the sentiment of which is that the sending of troops to Mexico is not an aggressive act and does not require a declaration of war or a suspension of hostilities.

Reinforcements Recommended.

The fact that the army headquarters had recommended the sending of at least 10,000 to 15,000 men to Vera Cruz, came known generally in official quarters. A number of officials admitted that the administration was confronted with the problem of deciding whether it would limit military activities to protecting the forces already in Mexico, or whether a sufficient number of men would be placed in readiness at Vera Cruz for a flying expedition to Mexico City.

The Huerta regime collapsed and irresponsible hands threatened the lives of Americans and other foreigners in the country.

The mediators continued their negotiations with the administration. The mediators would come by way of Salina Cruz and Yancouber, B. C. and thence across Canada to Niagara Falls, giving some concern as to the possibility of passing through the United States, but from which these plans may be changed so as to permit the conference to proceed on May 15, with the Mexican delegates present.

The name of American delegates to the mediation conference will be announced shortly and it is known that Justice Lamar, of the United States supreme court, and Mayor Newton D. Baker, of Cleveland, are two of the men who probably will be named.

The administration is still hopeful that mediation will accomplish something and there is every desire that the conference shall proceed without any untoward incident.

The landing of marines at Tampico to protect the oil wells has been under consideration by foreign governments, but has been rejected. The report brought by Tampico refugees that the guard already had been landed by the Holland warship Kortenaer, to protect the Corona properties, owned by a Holland company, was denied from Tampico.

Extensive preparations are being made for participation by the president, the secretary of the navy, the secretary of war, and the chief of the seven senators and twenty-one representatives in the conference in the ceremonies at New York and Brooklyn, Monday, for the marines and blue-coated killed at Vera Cruz.

Secretary Daniels sailed late tonight for New York, and will join the funeral ship Montana, off the Virginia coast, Monday morning, to arrive in New York Sunday afternoon.

The marines are in a struggle with the parade from the battery to the Brooklyn navy yard. He will return to Washington immediately after the funeral of the marines, and will address at the navy yard.

Carranza Changes Stand.
Secretary Bryan today made public

a long formal communication from Carranza, declaring the friendly attitude of the government toward the United States. The document stated that the government of Carranza, immediately after the occupation, has now regards the United States as a friendly power and not against the Mexican people. Carranza is not in a hurry to send troops to Mexico.

Word came to constitutional headquarters that General Carranza had ordered the campaigns against Tampico and San Luis Potosi. He has concluded that reinforcements were needed to both places.

The march of the constitutionalists to the vicinity of San Luis Potosi, has out of place communication, according to dispatches.

Unable to Wed Man She Loved Beautiful Young Girl Suicides

Augusta, Ga. May 8.—(Special.)—A young girl, Miss "Toquie" Whitaker, 18 years old, daughter of Mr. and Mrs. W. H. Whitaker, whose plans to marry a young man, a mile from Berzella, shot herself through the heart at the home of her brother-in-law, William Partridge, depot agent at Berzella, at 5 o'clock this morning. The family is a large and prominent one.

Partridge, who was in the depot, heard a revolver shot in his residence, where Miss Whitaker was alone, and on examination, found the young lady lying on the floor, with a bullet through her heart.

It is understood that of two suitors the family favored one while she favored the other. She was particularly popular and an unusually beautiful woman. The family is a large and prominent one.

CHAPIN'S IMPERSONATION OF LINCOLN PLEASES

Benjamin Chapin, impersonator of Abraham Lincoln on the stage, appeared last night at the Baptist church, where he gave a large audience, the event being the closing number of the "Albany" troupe.

Chapin, a tall, slim man, with deep furrows about his mouth and eyes, that drop down over his forehead, gave a very convincing impersonation of Lincoln; but he is Lincoln in spirit and not in fact. He does not look so much like Lincoln, but he is Lincoln in spirit and not in fact.

He does not look so much like Lincoln, but he is Lincoln in spirit and not in fact. He does not look so much like Lincoln, but he is Lincoln in spirit and not in fact.
